

The list below consists of contractors who have requested to be included on this list specifically for sidewalk work.

Please note it is the responsibility of the property owner to ensure that the contractor is properly insured and bonded and has obtained the necessary permits to perform work within the City Right-of-Way.

Property owners may hire contractors not on this list as long as that contractor obtains the necessary permits to work within City ROW. Please contact the Public Works Department at 319-286-5802 for information on obtaining a bond.
